## CoC Updates

- CoC NOFA – We are still awaiting the NOFA announcement, but the local process is underway for renewal projects. We do not know when the NOFA will be announced, but we expect it to be released before 9/30/21.
- Community Plan to End Homelessness Updates
  - Endorsement from elected bodies – 9 cities and the Board of Supervisors have endorsed. The City of Gilroy endorsed just this week.
  - Thank you to all of you who have attended those city council meetings and expressed your support for the Community Plan.
  - The CoC is implementing strategies outlined in the plan and developing a public-facing dashboard to report on progress.
  - Housing Problem Solving roll-out – The OSH is working with Homebase and the Lived Experience Advisory Board to coordinate a series of trainings in preparation for the system-wide roll out of housing problem solving (aka diversion or rapid resolution).
    - i. More information will be provided soon, but please keep your eye out for training opportunities.
  - Shelter Hotline – The shelter hotline continues to operate at OSH, but will be transitioning to a community based provider soon.
    - i. We will share details about these changes next month.

- Emergency Rental Assistance is available for low income tenants who have been financially impacted by the pandemic.
  - i. Please continue to spread the word about available assistance. Flyers and more info is available at [www.sccrenthelp.org](http://www.sccrenthelp.org)

<b>Workstation Security Standards</b> <small>In partnership with Santa Clara County, Clarity Human Services Software, a division of Bitfocus, Inc., administers the County's Homeless Management Information System ("HMIS"), a shared database software application which confidentially collects, uses, and releases client-level information related to homelessness in the County. Client information is collected in the HMIS and released to nonprofit housing and services providers (each, a "Partner Agency," and collectively, the "Partner Agencies"), which use the information to improve housing and services quality. Partner Agencies may also use client information to identify patterns and monitor trends over time; to conduct needs assessments and prioritize services for certain homeless and low-income subpopulations; to enhance inter-agency coordination; and to monitor and report on the quality of housing and services. This Compliance Certification Checklist is to be completed and certified quarterly by the Partner Agency Security Officer for the HMIS Partner Agency named above according to the schedule outlined below. Each Agency workstation used for HMIS data collection, data entry, or reporting must be certified compliant. Any identified compliance issues must be resolved within thirty (30) days. Upon completion, the original signed copy of this checklist should be retained in the records of the HMIS Partner Agency named above for a minimum of seven (7) years. Additionally, a copy should be made available to the SCC Bitfocus System Administration team (the "Lead Security Officer") at Clarity Human Services Software, a division of Bitfocus, Inc.</small>

You are receiving this message because you are listed as the Agency contact for TEST Agency Name. We are seeking your assistance in ensuring that we have the correct Bed and Unit Inventory (BUI) for your program(s). HMIS must have an accurate record of bed and unit inventory information for all residential projects (ES, TH, SH, RPH, PSH). An accurate and up-to-date housing inventory is essential to managing vital housing resources in the community. This message will go out monthly.

**Instructions:** Review the Bed/Unit Inventory table below. If there are changes or additions to the bed or unit inventory complete the [BUI Update Form](#). The table also shows the approximate recent utilization to aid in this determination. **Verify and/or provide updates to the Bed/Unit Inventory by Mon, Aug 09.**

Program Name	Type	Total Units	Total Beds	Occupancy/Utilization
Emergency Shelter	5	15	0	0.0%
Emergency Shelter	24	39	36	92.3%
PH - Rapid Re-Housing	60	60	12	20.0%
Transitional Housing	1	3	0	0.0%
Transitional Housing	8	8	2	25.0%
Transitional Housing	12	12	5	41.7%
Transitional Housing	5	5	4	80.0%

For more information see the [Bed & Unit Inventory Quick Guide ADD LINK](#). You may also run the [\(HIDX-123-AD\) Housing Inventory \(HIC\) Report](#) in Clarity to get a more detailed look at your inventory.

Additional details can be found in the [HMIS Data Standards Manual](#). Please also reply-all back to this message if you have additional questions or need assistance determining your inventory.

Thank you for your assistance in this matter.

Sincerely,

**Trevor Mells**

## Bed & Unit Inventory Update Form

It's important your agency maintain up-to-date and accurate data on one of the most fundamental elements: Bed & Unit Inventory. Changes over time should be documented such that a historical record of inventory is retained.

Minor day-to-day fluctuations need not be recorded, but differences due to significant changes in project operations should be entered as they occur to ensure the inventory record in HMIS is as accurate as possible, we encourage agency leads to make updates if there is a significant change in project operations. If there are no changes in inventory, you need only to confirm your inventory ahead of official HIC reporting. If you do that, the inventory will also be fine for LSA purposes.

Projects that provide housing rental assistance and have a fixed number of vouchers should determine the number of beds and units based on the number of vouchers currently funded and available for use.

Projects that provide emergency shelter or housing rental assistance vouchers and without a fixed number of units or vouchers (e.g., Emergency Shelter-hotel/motel project, Rapid Re-Housing, some scattered site PH-Permanent Supportive Housing) should determine the number of beds (and units) based on the maximum number of persons (and households) who can be housed on a given night.

If you have questions about how to fill-in this form, please reach out to the Help Desk at [sccsupport@bitfocus.com](mailto:sccsupport@bitfocus.com) for further assistance.

## Skill Jar Training Sessions

Do you need a refresher on training or maybe want to learn more about a workflow?

Check out the *Bitfocus Training Site*

- Please note you need to sign-in to access the trainings
- You can view the trainings as many times as you like
- You can watch part of a training and resume at a later time

## New Form: Bed & Unit Inventory

As part of Data Quality, we have created the **“Bed & Unit Inventory Update”** form that will assist in this process of updating your programs BUI.

- Updating Bed and Unit Inventory (BUI) is a crucial part of ensuring your programs are up to date and are capturing changes that occur over time. And can help identify trends.
- BUI tells a story of capacity needs and utilization. Additionally, it is a large component of the HIC and LSA reports.
- Updating BUI on an ongoing basis helps to reduce the burden of time used during reporting periods.

## Encrypted Emails - When To Use

### What is an Encrypted Email?

- Encrypting the connection prevents unauthorized users on the network from intercepting and capturing the details of the email being sent.

### When to use Encrypted Emails?

- The goal of email encryption is to prevent all kinds of inadvertent release of sensitive data, whether it's because an unauthorized user gains access to the email communications channel or if an internal user accidentally emails it to the wrong recipient.
- When communicating confidential matters, such as personal data, client level identifying information; such as the clients name, address etc..

### When NOT to use Encrypted Emails

- Do not use encryption if you are not providing any PII for the client
- If you use the client's UID#
- If your question does not relay any personal data that is compromising

*Though we understand the need for encrypted emails, when not providing PII for the client, please use regular email to communicate to the Sys. Admin Team and the Help Desk.*
