ROI EXPIRATION

ROI Expiration

Why does it matter if a client has an invalid or inactive (expiring) ROI?

+
+
+
+
+

Clients with an inactive or invalid ROI **CANNOT** be referred to housing.

Let's make sure this does not happen...

ROI Expiration - Using the Search Feature

When searching for the client there is a column for ROI – **YES** means the client has an up-to-date ROI

SEARCH FOR A CLIENT ADD CLIENT +

SEARCH

Use full name, partial name, date of birth or any combination.

	Date of Birth	Last Four SSN	Last Updated	ROI
Luke Skywalker Test (Test Client)	08/26/1974 Age: 49	7391	05/10/2024	Yes

ROI Expiration - Searching by UID

When you search directly using the Client UID you are taken directly to the client's profile bypassing the search screen with the option of client matches.

+
+
+
+
+

IF the client is missing or has a release that is expired you will see a banner at the top of the client's profile flagging a ROI is needed.

ROI Expiration - Searching by UID

The screenshot shows a user profile interface. At the top, the name 'D [redacted] M [redacted]' is displayed. Below the name is a navigation menu with the following items: PROFILE (underlined), HISTORY, PROGRAMS, SERVICES, ASSESSMENTS, NOTES, FILES, CONTACT, and LOCATION. A prominent yellow warning box with a red border is centered on the page, containing the text: '⚠ Release of Information is Missing or Permission Not Provided. Please review to ensure compliance.'

ROI Expiration - Running Reports in DA Tab

Expiring ROI's Dashboard

Another option when you want to know which ROIs will be expiring within a specific timeframe is by pulling the Expiring ROI's Dashboard Report that is found in the DATA ANALYSIS Tab of Clarity.

Expiring ROI's Report

The Expiring ROI's Report is another option that is found in the DA TAB.

This report will pull all clients for the selected Agency and Program and the number of days for the ROI to expire or the number of days the RIO has been expired for.
